Safety Protocols during MSUB 2020 Athletic Summer Camps

Please know that we are very excited and well prepared to have you or your camper on Montana State University Billings' campus to participate in one of our summer camps. MSUB has been continuously working with local health officials and following all given guidelines in order to host our 2020 athletic summer camps safely.

Upon Arrival:

- Each camper will have their temperatures taken with a non-contact thermometer. Any temperature over 100.4° will result in the camper needing to go home immediately.
- Each camper will fill out a COVID-19 screening questionnaire that will either be turned in prior to camp starting or will fill out upon arrival at camp.
- Each camper will use hand sanitizer upon arrival at camp and will be given camp guidelines regarding safety measures by the camp director.

During Camp:

- Equipment will be disinfected before and after each session.
- A staff member with clean gloves will be responsible for filling up all water bottles.
- Hand sanitizer will be used throughout camp sessions and when switching stations.
- No jerseys or clothing will be shared during camp. Any jersey or clothing used to dictate teams will be washed overnight.
- Maintain social distancing as often as possible. This includes limiting huddles, high-fives, large meetings, etc.

Overnight Camp:

- All meals will be served individually.
- All dorm rooms will be single occupancy.

Before you arrive at camp, please make sure you are not experiencing any COVID-19 symptoms. If you have any questions or concerns please reach out to your camp director or Andrew Bonner (contact information listed above). Thank you!

Sincerely,

Andrew Bonner and the MSUB Athletic Department
